

Custom Engineered Motors, Motor Components & Mechanical Parts

Sinotech is a full-service operation that delivers high-quality custom motor components and mechanical parts for a variety of industries.

BENEFITS OF CUSTOM MOTOR COMPONENTS

- ✔ **ACCESS TO EXPERTS:**
Specialists bring your design to life and identify areas of concern before they become expensive, time-consuming problems.
- ✔ **COST SAVINGS:**
Sinotech tailors strategies that achieve the best quality at the lowest prices.
- ✔ **TIME SAVINGS:**
Sinotech is a one-stop-shop for all your custom motor needs, eliminating the need to deal with multiple overseas vendors and factories.
- ✔ **GUIDANCE THROUGHOUT THE PROCESS:**
With operations in the U.S. and overseas, Sinotech's experts personally vet and audit factories to ensure high-quality results.
- ✔ **IMPROVED COMMUNICATION:**
Thanks to Sinotech's bilingual staff, language is never a barrier to communicating your exact needs and expectations.
- ✔ **PEACE OF MIND:**
Our holistic approach allows you to make one call for all your customer service, sales, engineering, logistics, and project management needs.

The success of your application's performance is only as good as the manufacturing partner you choose. Learn more or receive a quote by contacting Sinotech today.
